

Internet and Telephone Fraud Alert

We have been alerted that area consumers and businesses have reported receiving messages on their mobile phone regarding blocked cards that can be reactivated by following the instructions included in the message – **Do Not Reply**. Additionally, we have received reports that home and business computers are being compromised with malware downloaded from emails or the Internet. When using email or browsing the Internet, be suspicious of requests to click on links that offer free products such as anti-virus protection or credit reports. If you are presented with unfamiliar messages or pop-up windows while logging into the bank's online banking sites, do not continue until you have contacted us. Do not respond to any requests for personal information from emails, unfamiliar websites, or phone calls. **The bank will never ask you to enter personal information through a link provided in an email or instructions in a phone call.** If you have any concerns regarding Internet and Telephone Fraud, contact us at 583-3114.
